

Newsletters

This area is for the fortnightly newsletters. Please find the newsletters in the menu to the left. The Adobe PDF reader is available for free download [here](#).

Wavell State High School prides itself on open communication with its' parents and guardians. To do this we print a fortnightly newsletter which is distributed to each and every student at school. Yet there are occasions where this information doesn't make it home. All of the newsletters for the current year are available in full colour online. If you would like to be informed when the fortnightly newsletters become available please follow the link below and enter your details.
