

Students who were connected in 2021 and need to continue connection in 2022

- Complete a connection checklist at the start of the year with IT Support in (D04).
- If you have been connected before but now have a new laptop, complete the steps below.

Connecting a Windows Device

- Download [Student BYOX Policy](#) and return the last page to IT Support (D04).
- Once the form has been processed you will be connected to the internet and network.
- At home: Install Intune by following the steps in the how to guides.
 - [How to enrol your device \(video\)](#)
- OR
- [How to enrol your device](#)
- [How to install the my apps portal](#)
- At school: Install H: and G: Drive by following the steps below.
 - [How to access H and G drive](#)
- At school: install the printers
 - Download "[pc-mobility-print-printer-setup\[EQGBN2048018\].exe](#)"
- At school or home:
 - Access the [BYOX Downloads](#) page to get any extra software you need
 - Access the [Student SharePoint](#) and save it to favourites for easy access.
 - Set up OneDrive to save all your school documents. Select the blue cloud at the bottom of the taskbar.
- At school: see IT support to complete the connection checklist.
- If you have any issues after you have followed all these steps, see IT Support (D04).

Connecting a MAC

- Download [Student BYOX Policy](#) and return the last page to IT Support (D04).
- Once the form has been processed you will be connected to the internet and network.
- At home: Install Intune by following the steps in the how to guides.
 - [How to enrol your device \(video\)](#)
- OR
- [How to enrol your device](#)
- At school: Install H: and G: Drive by following the steps below.
 - [How to access H and G drive](#)
- At school: install the printers.
 - Download "[pc-mobility-print-printer-setup\[EQGBN2048018\].dmg](#)"
- At school or home:
 - Access the [BYOX Downloads](#) page to get any extra software you need
 - Access the [Student SharePoint](#) and save it to favourites for easy access
 - Set up OneDrive to save all your school documents. Download OneDrive from the Company Portal App.
- At school: see IT support to complete the connection checklist.
- If you have any issues after you have followed all these steps, see IT Support (D04).
